Programa

Miércoles, 23 de Septiembre

14:00 - 15:00: Recepción y acreditación de asistentes (Comité Organizador)

15:00 - 18:00: Taller teórico-práctico: *Sensorización aplicada a estudios de bienestar animal* - Alfonso Abecia Martínez (Aula de Grados y Nave Docente)

Jueves, 24 de Septiembre

08:40 - 9:00: Inauguración de las Jornadas: María Pilar Pina (Vicerrectora de Política Científica), Cristina Acin Tresaco (Decana de la Facultad de Veterinaria), Inmaculada Martín Burriel (directora del Instituto Agroalimentario de Aragón IA2), Alfonso Abecia Martínez (Director del IUCA), y Genaro Miranda de la Lama (Presidente de la redCIBA).

09:00 - 10:00: Ponencia: *Bienestar de peces en acuicultura: conocer, evaluar y actuar* - Pablo Arechavala López

10:00 - 11:00: Comunicaciones libres

- *Epidermal mucus as a key indicator of welfare in red tilapia* - Hernán Alzate Díaz
- *Climate change and stunning effectiveness in rainbow trout: implications for animal welfare during stunning* - Roberto González Garoz
- *Welfare matters, but price matters too: consumer attitudes towards laying hen welfare and cage-free eggs in Mexico* - Laura Estévez Moreno
- *The welfare potential of cage-free rabbit farming systems* - María Moreno

11:00 - 11:30: Pausa Café y Presentación de Pósters

- *Does welfare-oriented stunning compromise rainbow trout product quality?* - Roberto González Garoz
- *Welfare implications of temporary crating in farrowing sows and keys to successful free farrowing* - María Moreno
- *Carcass lesions in finishing pigs in Colombia: risk factors and associations with pre-slaughter logistics and meat quality* - Pilar Pastrana Camacho / Genaro Cvabodni Miranda de la Lama

IV Jornadas de la redCIBA

— Zaragoza —

23-25 Septiembre 2026

- *PigLF – data management from different PLF devices to monitor animal welfare in fattening pigs* - Raúl Guevara

11:30 - 13:00: Comunicaciones libres

- *Design of an environmental enrichment program for replacement gilts: a behavior-based approach to reducing agonistic behaviors* - Cristian Ugaz Ruiz
- *Faecal volatilome analysis to assess stress and animal welfare in gilts after their introduction into crates* - Rocío García Alcón
- *Coping with thermal stress: sow and piglet welfare in outdoor organic farming* - Anna Morere
- *Gel vaccination for enteric diseases in pigs: a welfare tool* - Nidia Gómez
- *Effect of enrichment materials rotation on fattening pigs' activity* - Raúl Guevara
- *Effect of stocking density and transportation time on welfare indicators in finishing pigs* - Nancy Huanca Marca

13:00 - 15:00: Comida

14:00 – 15:00: Asamblea anual de la redCIBA, Junta Directiva 2024-2027 y socios

15:00 - 16:00: Ponencia: *Bienestar animal basado en la evidencia: avances en perros y gatos* - Ángela González Martínez

16:00 - 16:30: Pausa café y Presentación de Pósters

- *Impact of body condition on quality of life, physical activity, and food-seeking behaviour in domestic dogs* - Lucía Escobar Roperó
- *The human dimension of caregiver burden and quality of life in canine idiopathic epilepsy* - Belén Rosado Sánchez
- *Hair biomarkers to assess stress load and tail biting in growing gilts: a pilot study* - Estefanía Pérez Calvo
- *A sensitive ELISA method for the measurement of welfare biomarker pig-map in saliva* - Matilde Piñeiro

IV Jornadas de la redCIBA

— Zaragoza —

23-25 Septiembre 2026

16:30 - 18:00: Comunicaciones libres

- *Clinical simulation and biomodel-based training as welfare-oriented strategies in veterinary education* - Cantal del Río Martínez
- *From obesity to improved welfare: effects of a 150-day weight loss programme in dogs* - Lucía Escobar Ropero
- *What shapes perceptions of animal welfare? The role of diet, knowledge and companion animals* - Guiomar Liste
- *What do horses need? Exploring welfare perceptions and human–horse relationships in the equestrian community* - Carla Brunet
- *The effect of opaque curtains to improve thermic comfort on sows' behaviours and on piglets' mortality* - Camille Vanhauce
- *From assessment to action: initiatives to enhance animal welfare teaching in higher education in Latin America* - María Victoria Larrateguy

Viernes, 25 de Septiembre

09:00 - 10:00: Ponencia: *Investigando el bienestar en animales salvajes: ¿por qué y cómo?* - María Díez León

10:00 - 11:00: Simposio sobre Bienestar en Fauna silvestre

- *Investigating associations between judgment bias and other affective state indicators: a way to advance wild animal welfare science?* - Janire Castellano Bueno
- *Integrating animal welfare as a pillar of sustainability: pilot audits and behavioral indicators in wildlife tourism* - Sara Torres Ortiz / Ariana Hernández Sánchez
- *Presentación de la Wild Animal Initiative* - Janire Castellano Bueno

11:00 - 11:30: Pausa Café y Presentación de Pósters

- *Impact of transhumance on physiological and circadian rhythms in sheep* - Carolina Reyes Palomo
- *Blindfolding during physical restraint in sheep: behavioural and thermophysiological responses compatible with tonic immobility* - Genaro Cvabodni Miranda de la Lama

IV Jornadas de la redCIBA

— Zaragoza —

23-25 Septiembre 2026

- *What does animal welfare mean to mountain cattle farmers? Insights from extensive livestock systems in the Spanish Pyrenees* - Laura Estévez Moreno

11:30 - 12:30: Comunicaciones libres

- *Institutional capture in the veterinary profession: the case of Spain* - Míriam Macipe
- *Management systems of cow-calf contact in dairy cattle: determinants of farmers' decision-making* - Silvia Rojo Montejo
- *Continuous subcutaneous biologging reveals physiological responses of sheep during transport and post-transport recovery* - Alfonso Abecia Martínez
- *Health and welfare of sheep grazing in the mountain pastures of the Aragonese Pyrenees: traditional knowledge and current management* - Virginia Larraz

12:30 - 13:30: Charla: *Intervenciones en emergencias con perros de trabajo y su bienestar* - Unidad Canina de Bomberos de Zaragoza

13:30 - 14:00: Clausura: Comité Organizador: Belén Rosado Sánchez, Inés Sánchez García, Jorge Palacio Liesa y Genaro Miranda de la Lama.

Nota aclaratoria: Aunque los títulos de las ponencias se presentan en inglés como parte del programa y las memorias digitales, las charlas se impartirán en español.
